ATTENTION VIRTUAL (ON-LINE) PARENTS!

Just because your child may not be in the classroom doesn't mean they should miss out on having their picture in the yearbook, class composites, and that photographic memory to share with family and friends.

CLIX wants every child represented in the yearbook, class composites, etc. So for those families that have selected on-line learning CLIX is offering to have their students image taken at our location at no cost...
It's simple, fast and Clix will be certain the school receives your childs image to be included in all the photographic keepsakes that the school provides.

Clix here to schedule the perfect time for you!
